

On/Off Magnetic Mount

Applications:

- Ideal mount for machine beds, carriages, and slides
- Checking straightness and run out
- Gantry and cross bridge alignment
- Shaft, ram, and piston alignment
- CNC machine alignment and maintenance
- Gearbox, drive shaft, motor alignment

Features:

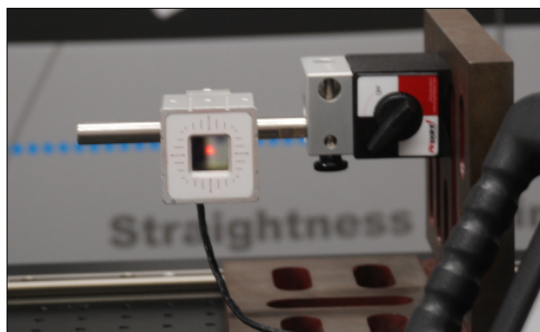

- On/Off magnetic for easy positioning
- Mounting plate for threaded rod mounting
- 135 Lbs of gripping force holds secure
- Includes versatile pivot joint for connecting rods
- Allows multiple mounting rod positions and orientations

P/N: MNT-ON/OFF

About the On/Off Magnetic Mount

The On/Off Magnetic Mount is a standard component in an all Microgage kits and ideally suited for securing Microgage Receivers, 90-Lines, mounts and other accessories in position for measurements. The mount has an on-off feature which when energized provides 135 points of solid gripping force. A versatile mounting block on top accepts guide rails and mounting bars, and is secured with a threaded locking screw, to accommodate many mounting configurations. The mount is made with durable anodized aluminum and stainless steel components for years of reliable industrial use.
